CONSERVATORY ROOF SOLUTIONS

# WarmDek Living

Transform your conservatory with our affordable **WarmDek** roofing solution

## Stunning Conservatory Roofs

An Ensign WARMDEK conservatory roof conversion is the ideal solution if you've ever needed more space but can't face the upheaval of an extension or a house move. Whether you need a home office, extra lounge, playroom or even a gym, the space you've been looking for has been there all along.

There's no need to change windows or doors so within just a few days, and at a much lower cost than you might think, you could be enjoying a new look room that's comfortable all year round.

Your new insulated tiled roof will offer greater protection from the elements with its reduced solar gain and heat loss and you'll even enjoy more privacy from the neighbours too!

## WarmDek Living

By installing the Ensign WarmDek roof onto your conservatory you can enjoy your conservatory all year round. What's more, your conservatory will become a seamless part of your home.

The Ensign WarmDek roof will allow your conservatory to be used 12 months of the year due to the exceptional thermal efficiency of the roof structure keeping the conservatory warm during the coldest winter days and an ambient temperature throughout the summer.

The WarmDek roof is suitable for new build conservatories and can also be retrofitted to existing conservatories.

## Why choose WarmDek?

The Ensign WarmDek Roof has been tested by industry experts to evaluate the efficiency of the system. The testing undertook measured thermal efficiency, the structural performance, and a condensation risk analysis.

The WarmDek roof comes with a 10 year insurance backed guarantee, backed-up by The Consumer Protection Association to give you full peace of mind.

Our WarmDek system meets current LABC requirements and will be applied if necessary.

Please ask your sales representative for a building regulations certificate when placing your order.

## Stunning Extensions Conservatories & Orangeries

Create a stylish extension from your home to the garden and enjoy the best of life indoors and out.

Great looking and economical, Ensign WarmDek Extensions are totally bespoke to you and are built to match your home perfectly. They are great for extra living space, whether you use it as a playroom, dining room, sitting room or even a bedroom.

We also offer stylish Orangeries that feel solid, warm and cosy even through the coldest winter weather yet still offering maximum light.

We can design and build from start to finish incorporating the added extras you desire.

The contemporary designs of the Orangery we offer can combine bi-fold doors or French doors with full height windows in a range of modern colour finishes. Stylish glass lanterns or flat glass panels give a light and airy feel to the room.

Our insulated structural corner posts offer solidity and insulating properties to a high standard.

Our traditional Orangery builds can also combine solid brick pillars which is perfect for bringing a period look to your home.

We can also transform traditional polycarbonate or glass roofing into an Orangery style bringing a modern touch and giving vastly improved thermal efficiency, to what can be a difficult room, into an integral part of your home.

## Complimenting Finishes

From our extensive tile ranges to rooflights and lighting, our choice of finishes add that extra touch to making your new living space special. With the bespoke Ensign WarmDek roof you can choose a design to compliment your home.

The WarmDek system offers a wide range of tile or slate options to perfectly match your existing house roof to achieve a seamless finish.

### Roof tiles

## Heritage windows & doors

Smooth contours and stunning features; this elegant range of Heritage doors and windows complements any shape or size of property. Combining the traditional look with the latest technology, its simplistic design gives a property perfect balance and harmony.

### Outstanding insulation

With its unique high performance weatherseal and clever internal design, the Heritage door collection provides superb thermal insulation and sound proofing (with the correct glazing configuration).

Designed for compliance with both today's and tomorrow's Building Regulations, the Heritage Window Collection offers long lasting benefits.

### Protection from rogue elements

It's not just the weathering properties that make the Heritage Window Collection an excellent choice. Its core design is compatible with the latest security specific hardware, making it a truly robust proposition to deter any game intruder. For peace of mind the complete system comes fully accredited to PAS24, the enhanced security standard.
